

## **The "Junior" card game: The Mistigri!**

**Goal of the game:** Not to have the VILAIN VIRUS at the end of the game!

**How to play:** distribute all the cards between the players. The youngest player starts and we turn clockwise.

Take turns laying out your cards in pairs. One pair at a time per player and per game turn.

At the end of their turn, each player must draw a card from the deck of the player on their left.

If you can make a new pair with the drawn card, put the pair in front of you!

The winner is the one who does not finish with VILAIN VIRUS!

**TiDoc's message:** "Now it's your turn to download, carefully cut out the cards and then play with Tifou! "

Have fun and take care of yourself!
