Dresses

Poised and polished. That's the power of a well designed dress.

And why expect anything less from the dress you wear to work? Here are two options that go above and beyond. A tailored shirtdress - with pockets! - that can be belted your way. And a classic wrap dress that fits and flows in all the right places. Dress it up or dress it down. It's your dress, your way.

Chino Skirt & Pants

Going places? Here's a bold new look that walks proudly through any door.

You're moving and you're shaking. So get it done in comfort and style with a collection of chic chinos. In camel and navy. And skirts and pants. With pockets, belt loops, stretch and movement. To go places and shape a new era.

Suiting

Nothing says confidence like a sharp looking suit.

So for our suited and booted, we've called on the modern suiting aesthetic to set the mood. That means slim-fit tailoring, a tailored blazer with jet pockets, and the option of a skirt. Build for style and ease of movement.

Winter Range

Mercury plummeting? We've got you covered with stylish winter warmers.

Warm and sincere, that's our approach. On even the coldest of mornings we're rugged up and toasty, in long sleeve outerwear fit for winter. Think softshell jackets, smart bombers and comfy cotton sweaters. Easy to layer, and engineered to look smart, wear after wear.

Knits & Sweats

Cosy and cool in fitted knits and branded sweats.

When bold choices lead the way, we say yes to laid back layering that's fresh and cool. Like our crew knit jumper, and cardigan. Restyled for a modern, fitted silhouette. Or our pure cotton sweater, dressed up for the office with a silky soft fabric finish and anti-pilling yarn.

Outerwear

Brave the elements in flexible soft shells, all-weather puffers, and rain-proof bombers.

Design-led innovation drives us. Take our resilient soft shell jacket. With intelligent design features like 4-way-stretch fabric merged with micro-fleece. And a hidden adjustable toggle for a custom fit. Or our versatile puffer vest. Its renewably sourced, polyester filling delivers warmth retention and quick drying properties. While our weatherproof bomber sports a warm, quilted lining and water repellent fabric. Looks good. Performs even better.

Accessories

Elevate your look with classics reinvented.

Peak caps and webbing belts make a major comeback as part of our high-vibing accessories collection. Made from premium webbing tape with a throwback brass buckle, our striped belt adds the finishing touch to all our looks. Topped with a classic peak cap for effortless style.
