Our talented team come from diverse backgrounds including design, retail, tech, advertising & logistics.

Exclusive Fabric Innovation

As the uniform experts, we made it our mission to develop an exclusive fabric that was specifically created to withstand repeat washing and still look great wash after wash.

“Cargo Crew make bringing a uniform range to life easy”

“A contemporary hotel brand like Atura required a contemporary uniform. We collaborated with the team at Cargo Crew to curate a uniform range that struck the perfect balance between simple and sophisticated.

Rolling it out across multiple locations here in Australia and New Zealand seamless. I can't recommend them enough.”
