# STYLING & ACCESSORIES

## STYLING YOUR UNIFORM

Great styling brings a uniform to life. A polished appearance reflects the pride we take in the Rydges brand and the experience we create for our guests.

Ensure garments are clean and freshly pressed, with shirts neatly tucked and details like blazer belts sitting flat and tidy. Well-fitted garments make all the difference. Where needed, pants should be tailored for a clean, polished finish.

If any items need repair, such as loose buttons, stitching or zips, please let your Manager or Housekeeping team know so this can be addressed promptly.

Avoid carrying bulky items in pockets, as this can affect the fit and shape of your uniform over time.

It's these small touches that create a consistent, elevated look across our team.

## ACCESSORIES

Finish your look with the Rydges collection of uniform accessories — designed to elevate your uniform and make it your own. Choose from our signature enamel pin, a timeless belt, or a bespoke pocket square, each adding a refined finishing touch.

## FOOTWEAR

Complete your uniform with all-white leather or leather-look sneakers with a non-slip rubber sole. Opt for classic, slimline styles rather than runners or trainers, worn with invisible or neutral socks.

Shoes should be kept clean and well maintained, including laces, to keep your overall look polished.

The Rydges team featured in this lookbook are wearing the Rollie CourtClub sneaker in White. Rydges team members can save 25% on select styles by using the code **RolliexRydges**. Full terms & conditions [here](#).

# GROOMING

We want you to feel your best every time you step into your Rydges uniform. The finishing touches make all the difference — from a sleek ponytail to fresh, natural make-up, it's all in the details.

Our approach is simple: look polished, feel comfortable, and be yourself. The below guidelines are here to help create a consistent, professional look across our team.

## HAIR

Hair should be neat, styled and well maintained.

For F&B roles, hair that falls below the shoulders should be tied back into a bun or ponytail. Shorter styles can be worn down, provided they are neat and styled.

Keep accessories minimal and workplace-appropriate, using colour-matched ties and pins where possible.

Facial hair is welcome, provided it is neatly groomed.

## MAKE UP

Think fresh, natural and effortless. Our look is polished without feeling overdone.

To achieve this, we recommend:

- Lightweight base or skin tint
- Concealer where needed
- Mascara
- Soft blush or bronzer
- Neutral lip or gloss
- Neutral eyeshadow

We also encourage sunscreen as part of your daily routine — a simple step that supports your wellbeing and keeps you feeling your best on shift.

## NAILS

Nails should be clean, tidy and well maintained. If wearing polish, keep it neat and chip-free.

## DEODORANT & FRAGRANCE

Deodorant is part of a fresh, professional presentation. For F&B roles, we recommend keeping fragrances light to ensure they don't impact the guest experience.

## JEWELLERY

Jewellery should be minimal, considered and complement your uniform rather than distract from it.

You're encouraged to express your personal style while keeping your overall look polished and in line with the Rydges brand.

Simple pieces such as a watch, rings, small earrings, bracelets or a fine necklace work best.
