

UNITY All-In-One

LED that transforms the workplace.

Corporate

High-impact clarity for corporate spaces

Designed for simplicity and performance, UNITY replaces conventional displays and projectors with a seamless LED canvas that elevates every presentation, video call or data session. With premium brightness, ultra-fine detail and a clean architectural finish, UNITY enhances the way teams communicate and collaborate.

Multiple Sizes:

108", 135", 163",
164", 205", 216"

Miracast Screen Casting

Integrated Audio

Wall Mounting Included

3 Year Warranty*

WiFi & Bluetooth Standard

Interactive Touch (Optional)

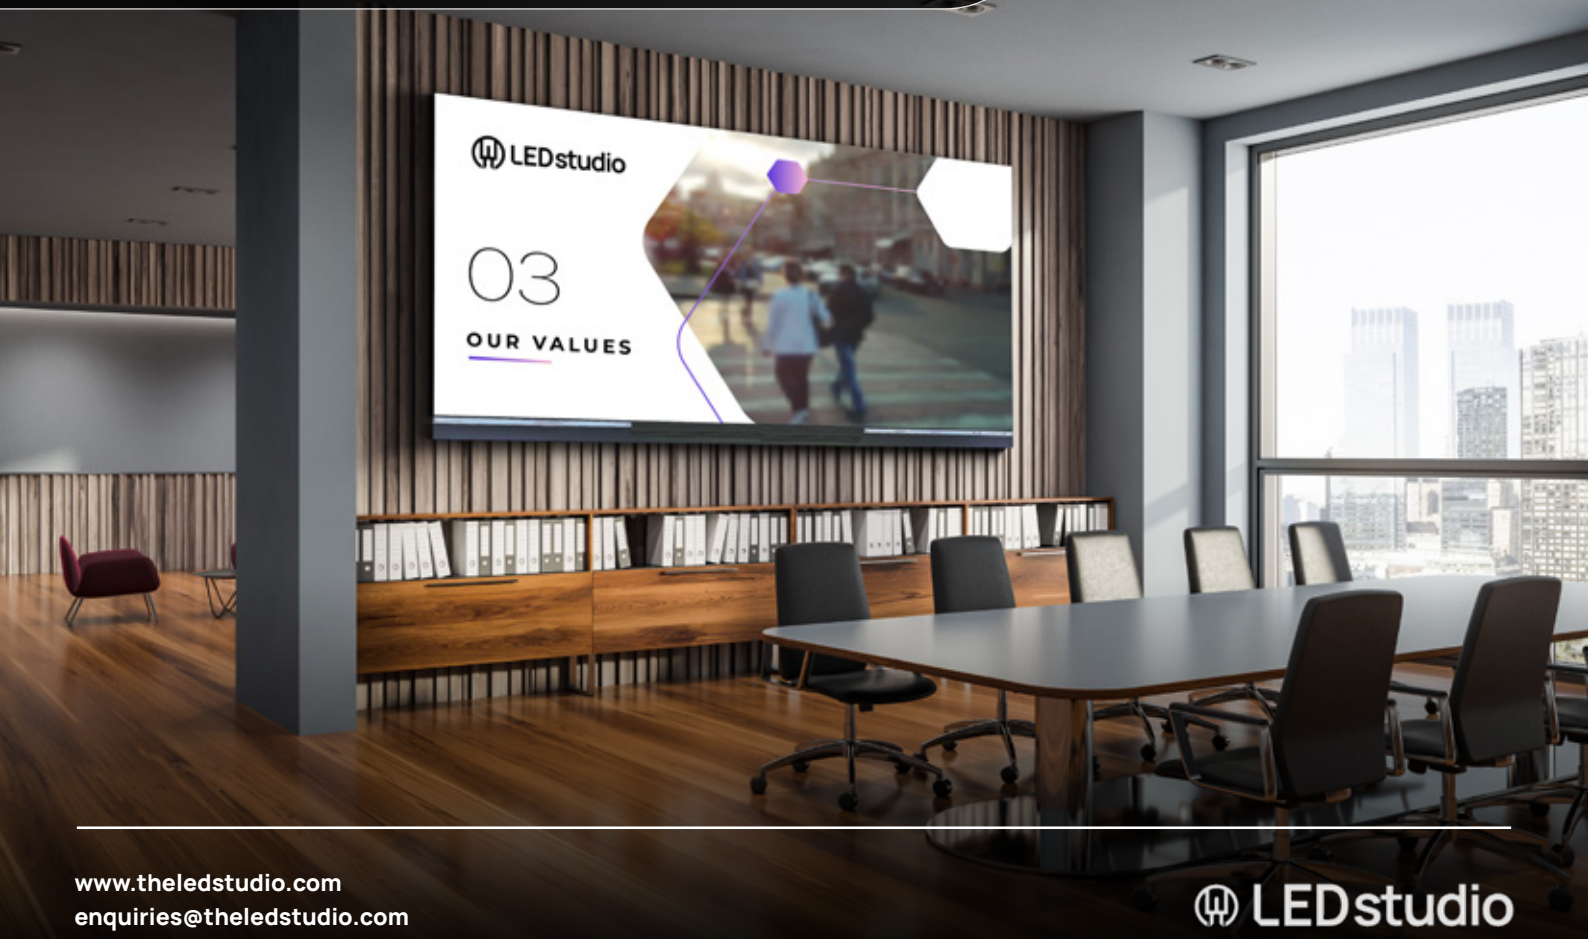

Android 11.0 / Windows 10 LTSC (Optional)

*Upon registration.

Sharper Communication

From presentations to dashboards, UNITY's clarity ensures every detail is seen — even in bright, glass-fronted spaces.

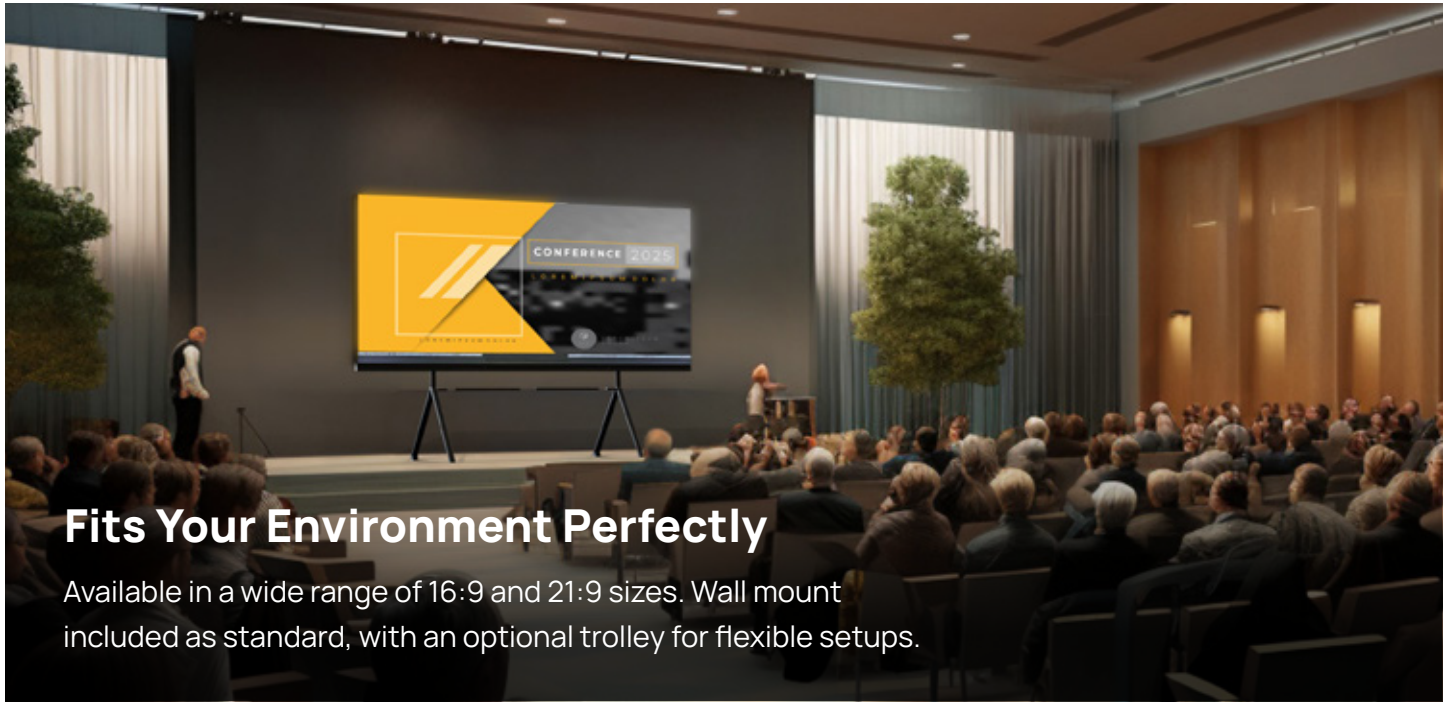

Built For Collaboration

Accurate colour, smooth motion and an integrated audio bar make UNITY a natural fit for hybrid meetings, workshops and team spaces.

Fits Your Environment Perfectly

Available in a wide range of 16:9 and 21:9 sizes. Wall mount included as standard, with an optional trolley for flexible setups.

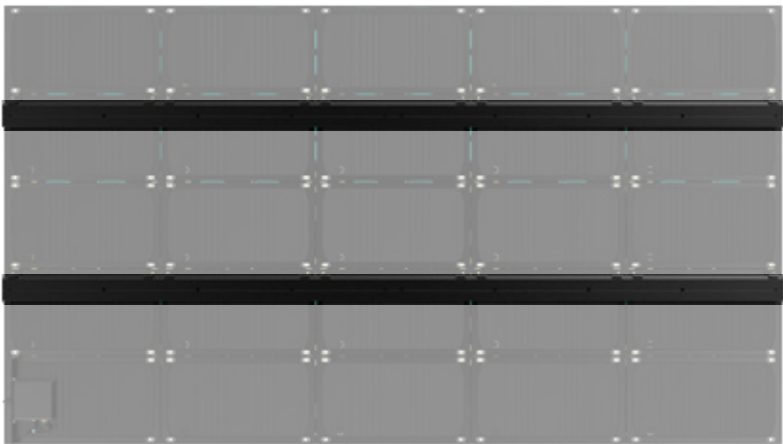

Wireless Sharing Made Simple

With built-in Miracast, UNITY lets users instantly share content from any device — no cables or adapters needed — delivering fast, reliable casting for seamless collaboration.

Instant Casting With Included USB Dongle

UNITY includes a USB casting dongle for fast, reliable one-tap content sharing—just plug in, connect, and present with no extra setup.

Mounting Brackets

Standard wall-mounted brackets are built directly into the product design, allowing installers to secure the display quickly and cleanly without additional hardware or complex structural work.

Wall Mounted

A clean, space-efficient wall-mounted solution for meeting and learning spaces, delivering secure, professional presentations.

Mobile Trolley

A versatile mobile trolley that moves UNITY easily between rooms—ideal for flexible, shared spaces needing a portable, professional display.

Height Adjustable Electric Mobile Trolley

An electric height-adjustable mobile trolley enabling effortless positioning—ideal for touch use and highly flexible spaces.

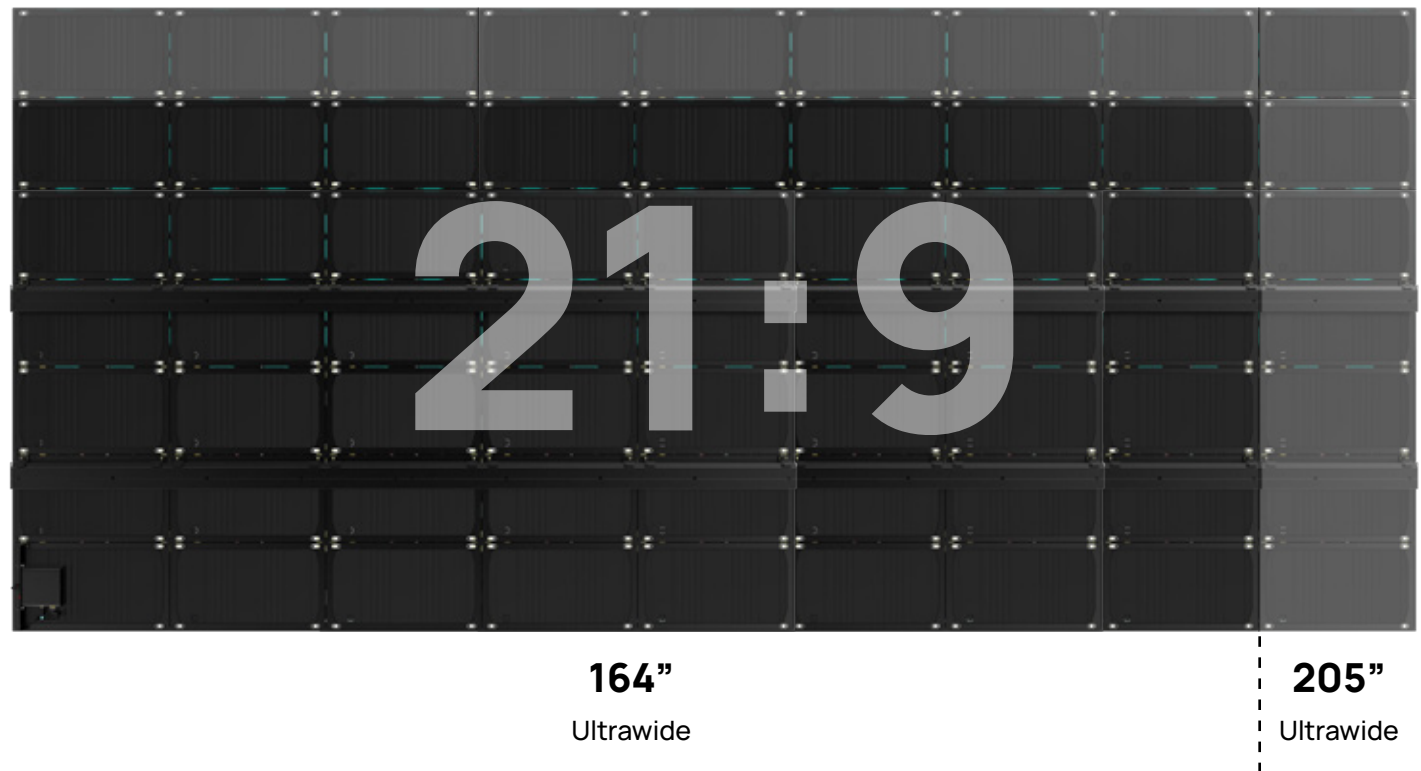

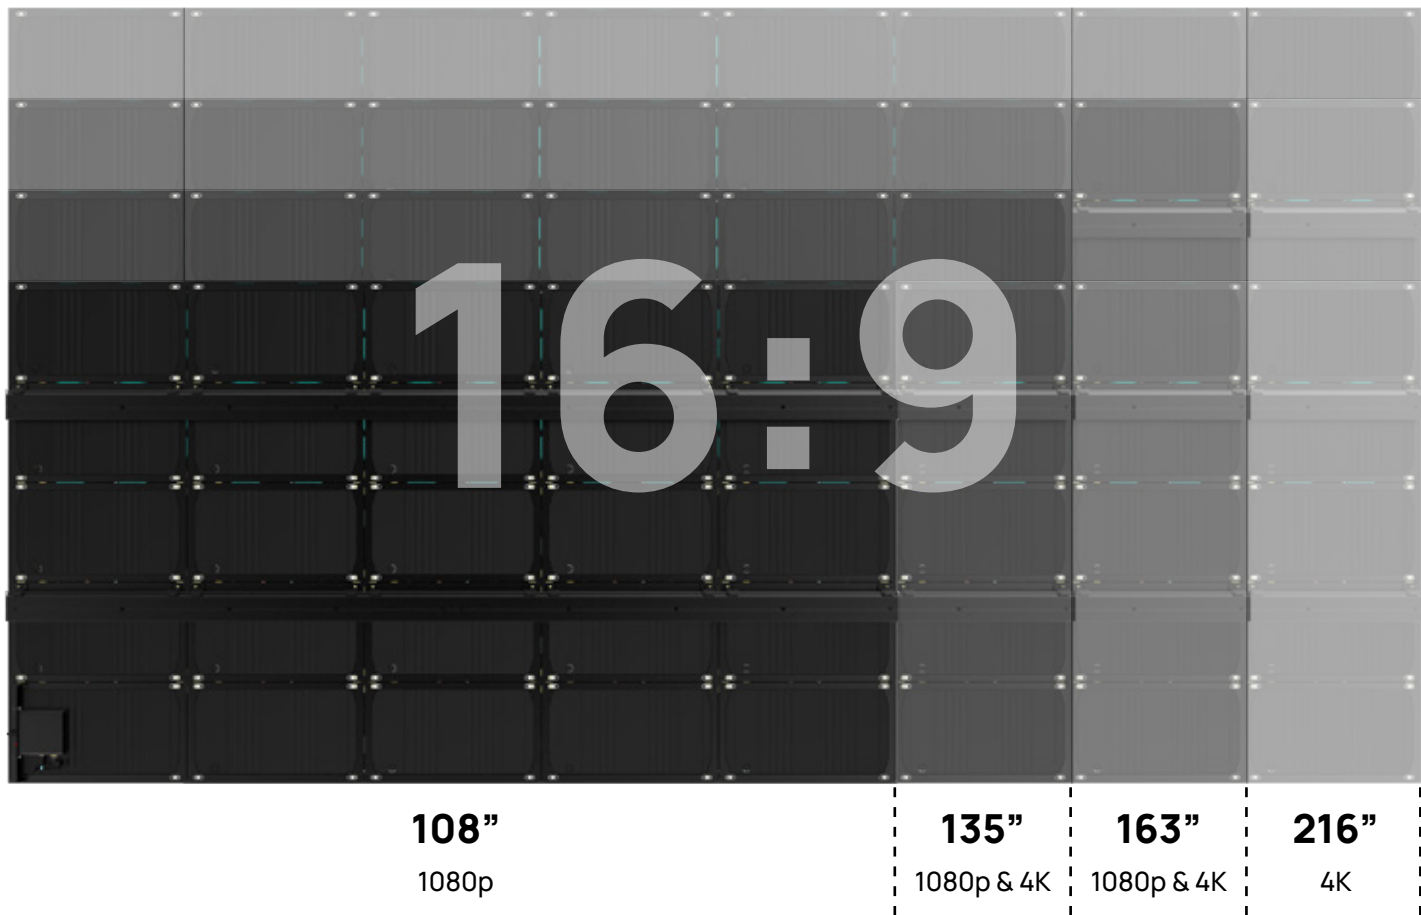

Optional OPS

UNITY's optional OPS brings built-in processing and streamlined deployment to your display

- **Integrated HDMI Input**
- **2x DDR5 5600MT/s SO-DIMM Slots**
- **Compatible with Decenta HUB**
- **Thunderbolt 4.0 Support**
- **Powered by Intel 4 Processors**
- **M.2 SSD Support**
